A: Wilt CHAMBERLAIN, Michael JORDAN, Bob McADOO, George GERVIN

1) (30) Test your knowledge on the poem "To The Virgins, To Make Much of Time"

1) Fill in the blanks in this stanza that appears in the end of the poem for five points each.

Gather ye rosebuds while ye may,
Old time is still a-flying
And this same flower that smiles today,
BLANK BLANK BLANK BLANK.

A: TOMORROW WILL BE DYING

2) FTP, who penned these smashing lines?

A: Robert HERRICK

12) (25) Say for vacation someday, you decide to pack up and head on down to the Land of Enchantment, the land of the Zia, and the land with the hottest chilies in the United States-----New Mexico. Give some justification to the state and name the 5 largest cities by population for five points each--all of which you can have a whompin' good time in, but only one of which has a population over 100,000.

A: ALBUQUERQUE, SANTA FE, LAS CRUCES, CLOVIS, ROSWELL

13) (25) Time for a category we can all enjoy--equations. While they are all mathematical in base, all that's needed to solve the equation is to give the missing words that are indicated by their initials. For example if I said, $10 = A. \text{ to the } B. \text{ of } R.$, you would say "Amendments/Bill/Rights," for $10 = \text{Amendments to the Bill of Rights}$. For five points each:

1) $18 = H. \text{ on a } G. C.$

A: HOLES/GOLF/COURSE

2) $7 = W. \text{ of the } A. W.$

A: WONDERS/ANCIENT/WORLD

3) $9 = P. \text{ in the } S. S.$

A: PLANETS/SOLAR/SYSTEM

4) $54 = C. \text{ in a } D. \text{ (with the } J.)$

A: CARDS/DECK/JOKERS (do not accept JOKER)

5) $200 = D. \text{ for } P. G. \text{ in } M.$

A: DOLLARS/PASSING/GO/MONOPOLY

14) (25) This New York Art museum, located on 5th avenue, was founded in 1908 and hosted the first US Showings of Matisse as well as numerous other French Modernists. For 15 points Name this museum *with an odd name*.

Answer: "291"

This man founded the museum. He was a photographer and creator of the Photo-Secession movement and married to Georgia O'Keeffe. For an additional 10 points, Name Him.

Answer: Alfred ~~STIEGLITZ~~

STIEGLITZ

15. (30) Identify the author, 30-20-10

A Following the Equator, 1897

B. A Tramp Abroad, 1880

C. The Tragedy of Pudd'nhead Wilson, 1894

A: Mark TWAIN (accept Samuel CLEMENS)

16. ³⁰(25) Let's test your knowledge of the solar system. For five points apiece, rank the following objects in size from largest to smallest. Pluto, Mercury, Titan, Ganymede, Callisto. Five bonus points for all correct.

A: ~~GANYMEDE, TITAN, MERCURY, CALLISTO, PLUTO~~
(4900 km) MERCURY (4880 km), TITAN (4800 km), CALLISTO (4792 km), PLUTO (2288 km)

17. (30) For ten points apiece, identify the authors of the following Pulitzer prize winning plays.

A. Glengarry Glen Ross (1984)

David MAMET

B. The Piano Lesson (1990)

August WILSON

C. Angels in America: Millennium Approaches (1993)

Tony KUSHNER

18. (30) Can you stand the heat? If so, you should be able to answer the following questions about chili peppers.
