

## Round 14 Tossups

Kentucky Fried Chicken

1. Born in Boston, Massachusetts, he ran away to Philadelphia at the age of 17. Four years later, he founded the Junto, a club for philosophy and debate. He eventually went on to receive honorary degrees from Harvard, Yale, and William and Mary College. FTP, name this man who served as delegate to the Constitutional Convention three years before his death in 1790.

ANS: Benjamin Franklin

2. In Shakespeare's play, he was a fellow general of MacBeth, and was present with the him when the three witches not only predicted that MacBeth would one day become king, but that he himself would be father to a line of kings. Name this character.

ANS. Banquo

3. Crystal violet is the primary stain indicating the presence of peptidoglycans. Safranin is the counterstain in. FTP, what staining technique which distinguishes protozoa into positive and negative groups based on their permeability to crystal violet?

ANS. Gram staining

4. Preparedness, Blam!, Red and Yellow, Hopeless, and Whaam! are all titles of works by this American pop artist who is best known for his large-scale depictions of comic book panels. FTP, name this pop culture icon.

ANS. Roy Lichtenstein

5. T.S. Eliot often prefaced his poems with quotes from other literary works. FTP, which of his poems is headed by a quote from Conrad's "Heart of Darkness", and predicts that the world will end "not with a bang, but a whimper"?

ANS: "The Hollow Men"

6. Although receiving 60,728 more votes than his opponent, Grover Cleveland lost the 1888 U.S. Presidential election by 65 electoral votes. FTP, name the Republican who defeated Cleveland.

ANS: Benjamin Harrison

7. Originated by the intermixing of the Vedic religion of the Aryans and Indian natives, believers of this religion should daily enhance their karmas with pure thoughts, pure actions, and pure devotion. FTP, Name this religion centered in India, Nepal, and Malaysia and whose sacred text includes the Veda.

ANS. Hinduism

8. When working with radioactive materials, one must be careful to use the proper substances as shields. When working with powerful beta emitters such as phosphorus-32, lead shielding can cross-react, creating dangerous crosswaves. FTP, what is the German term for this effect, meaning "to stop radiation"?

ANS: bremsstrahlung (brim-STRAH-loong)

9. Once a lecturer at the University of Glasgow, he declared that a nation's wealth depended on that nation's goods and services, not gold and silver as many believed. FTP, name this Scot and father of Economics who in 1776 published *An Inquiry Into the Nature and Causes of the Wealth of Nations*.

ANS. Adam Smith

10. His film credits include "P' Is For Psycho," "The Erotic Adventures of Hercules," "Today We Kill, Tomorrow We Die," and "The Revenge of Abe Lincoln." However, you may better know him from hosting the infomercial "I Can't Believe They Invented It!" FTP, name this character on "The Simpsons" whose voice is provided by Phil Hartman.

ANS: Troy McClure

11. His novel "The Blithedale Romance" was based on his own experiences in the ill-fated attempt in communal living at Brook Farm in the early 1840s. FTP, what New England author became a leader in the development of the short story with works such as "Young Goodman Brown"?

ANS. Nathaniel Hawthorne

12. In 1867, economic troubles for mid western farmers in the U.S. led to the formation of a group whose claimed purpose was to help farmers "buy less and produce more, in order to make our farms more self-sustaining." FTP, name this organization commonly called the Grange.

ANS. Patrons of Husbandry (Prompt on "Grange" for early buzzes)

13. This question requires two answers. The Nile River starts as two separate rivers, the White Nile River and the Blue Nile River. These two rivers converge near an African capital city to form the Nile River. FTP, name this capital city and the country of which it is the capital.

ANS. Khartoum, Sudan

14. The Topps Baseball Card Company announced that after their 1996 set, there will never be a card with this number again. In the 1996 set, the card will honor the man who wore the number for the New York Yankees. FTP, identify the uniform number of Mickey Mantle

ANS. Seven (7)

15. The most familiar ones are acids, bases, and dissolved salts, although some, such as silver iodide, may be solids. FTP, identify this term for a chemical substance that conducts electric current as a result of dissociation into ions.

ANS: electrolyte

16. The flavor of cola drinks such as Coca-Cola and Pepsi is extracted from the nut of the kola tree. This tree is in the same family as the tree whose seeds are the source of the flavor chocolate. FTP, name this tropical evergreen tree.

ANS. the cacao tree

17. "Chickamauga" portrays the account of a deaf-mute child amid the horrors of a bloody battle which destroys his home and his family. FTP, who wrote this story, as well as the stream-of-consciousness tale "An Occurance at Owl Creek Bridge"?

ANS. Ambrose Bierce

18. Two years before this conference, Britain and France had signed an Entente Cordiale (ahn-TAHNT cor-dee-AL) which provided, among other things, for British support of French interests in Morocco. At Tangier in 1905, Kaiser Wilhelm II challenged French interests but in 1906, was only supported by Austria-Hungary while the United States and Britain backed France at, FTP, what conference named for a Moroccan city?

ANS: Algeciras Conference

19. Although much of I.M. Pei's architecture is widely admired for its elegance and simplicity, he created controversy with his design of a glass pyramid for the new entrance of, FTP, which major museum?

ANS. Louvre

20. On July 4, 1995, the host of the long-running PBS series "Joy of Painting" died at the age of 53 years. He painted dozens of landscapes, and was easily distinguished by his large afro and his super-nice "happy little" attitude. FTP, name this man.

ANS. Bob Ross

20. In the 1960's, a computer language called BASIC was created as a programming language for beginning programmers. FTP, what do the letters in the acronym BASIC stand for?

ANS. Beginners' All-purpose Symbolic Instruction(al) Code

21. After hearing that the sun was directly overhead a well in Aswan, Egypt, at noon on the summer solstice, he performed calculations that approximated the circumference of the earth within 50 miles. FTP, name this Greek mathematician, also remembered for constructing a sieve to find prime numbers.

ANS: Eratosthenes (AIR-uh-TOS-tuh-NEEZ)

22. OCD is a risk for today's teenagers. Their symptoms include consistent repeated distressing thoughts or impulses and repetitive behaviors or mental anxiety acts. Often, depression, alcohol, marijuana, and social phobias play a contributing factor. FTP, what does OCD stand for?

ANS: Obsessive-compulsive disorder

23. On a piano, there are two scales, one major and one minor, that consist of none of the black keys and all of the white keys. FAQTP, name either of the scales.

ANS: A minor or C major

24. When we see our pop can beading up with water, we think of condensation. The Norse, however, would think of trying to reincarnate this god of beauty as everybody and everything wept. In this story, Loki mischievously kept this from happening. FTP, name this god of beauty.

ANS: Balder

25. His mother, the beautiful Livia Drusilla, was her husband's cousin and may have only been 13 years old when he was born. At the pinnacle of his power, all his ability and strength appeared to have turned inward, into strange and unpleasant behavior. FTP, name this adopted son of Augustus, who inflicted a reign of terror upon Rome in his later years.

ANS: TIBERIUS; or Tiberius Caesar Augustus or Tiberius Julius Caesar Augustus or Tiberius Claudius Nero

26. "I acted alone, but maybe with God," said this 25-year-old Israeli law student. FTP, name this man who confessed to assassinating Israeli Prime Minister Yitzhak Rabin.

ANS: Yigal Amir

## Overtime Toss ups

1) Born in Westchester Landing, New York, he devised a method for stringing telegraph wires on poles and went on to found and direct the Western Union Telegraph Company. His interest in agricultural education, however, led to his most lasting impression, a University he helped found in 1865 which bears his name. FTP, name this man, founder of the pride of Ithaca, New York.

A: Ezra Cornell

2) If you know several specific events, but want to formulate a general rule, you'll have to use it. Physicists are more formal, where there are three specific scientific types: magnetic, electrostatic, and electromagnetic. FTP, name this process, by which logicians can form rules and physicists can make current flow in a wire with no power source.

A: Induction

3) He doesn't jog, but he was seen in Central Park. He's never bet on a horse, but he was seen at the Aqueduct Racetrack. He's not an Orioles Fan, but he was seen at Camden Yards. He's never played football, but he's was seen at Giants Stadium. FTP, name this figure whose 1995 U.S. tour included all of these not-so-religious sites.

A: Pope John Paul II

4) Gloucester, Burlington, Essex, Hunterdon, Monmouth, Union, Middlesex, Somerset, Ocean, Mercer, and Bergen are among the counties in, FTP, what eastern seaboard state?

A: New Jersey

5) Only a nickname required. He started at a small community college in Indiana, but never gave up his dream. In his junior year, he finally got accepted, but making Notre Dame's storied football team was something else entirely. FTP, name this dreamer who eventually did make that team, whose story is chronicled in a 1993 movie starring Sean Astin bearing his name.

A: "Rudy" Reuttiger

6) Its name in Greek literally means, "thing which makes a beautiful noise," admittedly a tough chore to live up to. Similar to a baritone horn, this brass instrument is widely played in marching and concert bands. FTP, name this instrument.

A: Euphonium

7) A book was written about this man in 1991 - strangely appropriate since the product of 19 and 91 is a number long associated with him. His most famous work, perhaps, was his results on the number of partitions of positive integers - work he completed with T.H. Hardy after the latter brought him to Cambridge from his native country.

FTP, name this subject of "The Man Who Knew Infinity", one of the greatest of Indian mathematicians.

A: Srinivasan Ramanujan

8) FTP, the Quirinal, the Viminal, the Caelian (KALE-e-an), the Esquiline, the Aventine, the Palatine, and the Capitoline are, what famous geographical group of seven?

A: The Seven Hills of Rome

9) This title was originally given to the evening of the date January 5th, the vigil before the Epiphany, which described its relation to Christmas. Nobody would think of it, though, if Shakespeare hadn't used it for one of his most popular comedies. FTP, name this middle comedy whose characters include Olivia, Viola, and Orsino.

A: Twelfth Night

10) The old school books tell you that there are four state capitals with "city" in their names, but that's unfair, because they fail to include Greek. FTP, using the Greek word for city adds what midwestern capital to the list, the home of the RCA dome and the Brickyard?

A: Indianapolis

11) In Britain, this musical was a smash success when it opened in the mid-1980's spawning 4 number one hits on the pop charts. But when it came to the United States, it closed after just over a month, but one hit did reach the top 10 here as well – "One Night in Bangkok." FTP, name this musical written by the geniuses behind ABBA.

A: Chess

12) Connecticut decided to let its next casino be built by the Pequot Indians which left this man out in the cold. Undaunted, he plans to build Atlantic City's largest casino, even larger than Trump's Taj Mahal. FTP, name this renown casino executive, well known for his TV appearances pushing his Golden Nugget, and whose name suggests something that people rarely do in his casinos.

A: Steve Wynn

13) These creatures are heart-shaped bivalve mollusks with ribbed, brittle shells. They move by jumping, made possible by a large, muscular foot. Less than three inches in length, they burrow in sand, mud and shallow water. While they are edible, they are most famous for being paired with their brethren mussels in a famous Colonial tune. FTP, name them.

A: Cockles

14) When asked if this international head of state would vote for Rudolph Giuliani, he responded that he would not since "on the way from the airport there were such

enormous potholes," and not because of a recent diplomatic spat in which Giuliani revoked his invitation to a UN anniversary dinner. FTP, name this foreign leader, whose hard-line communist views have brought attack from Republicans since he rose to power in 1959.

A: Fidel C astro

15) The third time's the charm. Well, at least it was for Ronald Reagan and his most troubled Supreme Court nomination. Robert Bork was too cold and conservative; Alan Ginsberg was too hot – he smoked marijuana in college; but the third nomination was just right – a successful nomination who may be the next Chief. FTP, name this boring Californian.

A: Anthony Kennedy

16) Discovered by William Wollaston in 1804, this silvery-white chemically-resistant metal is used to plate jewelry and the reflectors used in search lights. Its main use, however, is in alloys of platinum and iridium, giving those metals the ability to withstand higher temperatures. FTP, name this element, number 45, abbreviated Rh.

A: Rhodium

17) In the United States, you may listen to a CD, or even invest your money in one. In Europe, however, there is another option. You can vote for the political party abbreviated CD in English. FTP, name this political party who takes much of its platform from the church.

A: Christian Democrats

18) He became director of the Royal Institution in London in 1825. He was the first scientist to liquefy a permanent gas. one previously thought to be incapable of liquefaction. He also created the first electric dynamo, a spinning copper disk between the poles of a permanent magnet. FTP, name this scientist whose law demonstrates the relationship between electricity and chemical bonding.

A: Michael Faraday

19) Just last name required. She was a representative from Connecticut, United States ambassador to Italy, as well as author of The Women. He was a publisher who worked on such periodicals as Fortune, Sports Illustrated and Life. He is best known, though, for founding, with Britton Hadden, the weekly Time. FTP, name this husband and wife combo, first names Henry and Claire.

A: Henry Robinson and Claire Booth Luce

20) This vitamin is largely found in liver and green leafy vegetables, but can also be produced by certain forms of intestinal bacteria. It plays a large role in the production of prothrombin in the liver. Large doses of this vitamin had been used to attempt to treat hemophiliacs, but results were poor despite the fact that it essential to proper

blood clotting. FTP, name this rare vitamin.

A: Vitamin K

21) Born in Garnett, Kansas, this American author ended his career writing biographies, which include Lincoln the Man (1931) and Whitman. His defining work, however, was an early one, his 1915 work of free-verse epitaphs revealing the secret lives of small town Americans. FTP, name this author of The Spoon River Anthology.

A: Edgar Lee Masters

## Round 14

### Kentucky Fried Chicken Bonuses

Twenty-five

1. For 5 points each, name the sea into which each of these European rivers flow:

- |                 |                          |
|-----------------|--------------------------|
| 1) Po River     | A. <u>Adriatic</u> Sea   |
| 2) Danube River | A. <u>Black</u> Sea      |
| 3) Tiber River  | A. <u>Tyrrhenian</u> Sea |
| 4) Rhine River  | A. <u>North</u> Sea      |
| 5) Volga River  | A. <u>Caspian</u> Sea    |

Thirty

2. 30-20-10: Identify the century.

30: Mieczyslaw I became the first ruler of Poland.

20: The Capetian dynasty began its rule in France.

10: The Holy Roman Empire was founded by Otto I, King of Germany.

ANSWER the 10th Century (A.D.)

Thirty

3. During the Great Depression, President Franklin Roosevelt enacted a series of measures, called the New Deal, to repair America's economy. For 10 points each and a possible total of 30, identify the measure from the following descriptions:

(10 pts.) Its purpose was to hire unemployed youths for park maintenance and other conservation tasks.

A. Civilian Conservation Corps (also accept CCC)

(10 pts.) Its purpose was to increase crop prices by decreasing production.

A. Agricultural Adjustment Act (do NOT accept AAA)

(10 pts.) This act allowed representatives of major industries to establish production limits, forbid price cutting, and enact other such measures in an attempt to promote "fair competition".

A. The National Industrial Recovery Act (also accept NIRA)

Thirty

4. For 15 points each, identify the following probability theorems.

a) It states that the probability distribution of a centered, normalized sequence of independent, identically distributed random variables approaches a normal distribution.

A. Central Limit Theorem

b) It states that the average of a sequence of independent identically distributed

random variables approaches the expectation.

A. Law of Large Numbers

Twenty-Five

5. For the 1996 U.S. Presidential election, several Republicans have announced their candidacy. For 5 points each and a possible total of 25 points, give the state from which each of the following Republican candidates is from:

- |                          |                        |
|--------------------------|------------------------|
| (5 pts.) Robert Dole     | A. <u>Kansas</u>       |
| (5 pts.) Phil Gramm      | A. <u>Texas</u>        |
| (5 pts.) Arlen Specter   | A. <u>Pennsylvania</u> |
| (5 pts.) Lamar Alexander | A. <u>Tennessee</u>    |
| (5 pts.) Robert Dornan   | A. <u>California</u>   |

Thirty

6. Even the most well-known rock bands of all time had to start out as unknown bands. For 10 points each and a possible total of 30, name the first album released by the following bands:

- |                        |                            |
|------------------------|----------------------------|
| (10 pts.) The Beatles  | A. <u>Please Please Me</u> |
| (10 pts.) Led Zeppelin | A. <u>Led Zeppelin</u>     |
| (10 pts.) Aerosmith    | A. <u>Aerosmith</u>        |

Twenty-Five

7. Before gangsta rap went mainstream, there were the forefathers, NWA. For five points each, give the stage names of the five members of this groundbreaking group.

- A. Dr. Dre, Eazy E, Ice Cube, MC Ren, Yella

Twenty-Five

8. Given the tournament year, identify the school that claimed the NCAA men's Division I college basketball championship, FFPE.

- 1977 ANSWER. Marquette  
1978 ANSWER. Kentucky  
1985 ANSWER. Villanova  
1966 ANSWER. Texas Western (accept Texas-El Paso) (UTEP)  
1939 (Hint: it was the first NCAA tournament) Ans: Oregon

Thirty

9. 30-20-10 Bonus

For 30 points, this Greek mythological figure was often represented with three faces. (20) points, she was the only titan to retain her powers after the ascension of Zeus. (10), what Greek goddess provided powers of divination to the "weird sisters" of Shakespeare's MacBeth?

ANS: Hecate (hek'-uh-tee)

Thirty

10. All I know is science and sports, so let's combine the two. I'll name a football player, and you tell me for five points each what element his number corresponds to on the periodic table:

- |                                |                          |
|--------------------------------|--------------------------|
| 1. Barry Sanders               | A. <u>calcium</u> (20)   |
| 2. Troy Aikman                 | A. <u>oxygen</u> (8)     |
| 3. Lynn Swann                  | A. <u>radium</u> (88)    |
| 4. Joe Montana (San Francisco) | A. <u>sulfur</u> (16)    |
| 5. Joe Montana (Kansas City)   | A. <u>potassium</u> (19) |
| 6. Garo Yepremian              | A. <u>hydrogen</u> (1)   |

11 B(30). One member is the #1 enemy of the Dilbert Fan Club. The entire has been mocked by "cooler" comics such as Bloom County. Nevertheless, the Family Circus is always there in that damn circle. Do you read it? If so, you could earn 30 points.

1. First, for 5 points each, identify Bil and Thel's four offspring.

A. Billy, Dolly, Jeffy, P.I.

2. Now, for 5 points each, name the two Keane family dogs.

A. Barfy, Sam

Twenty-Five

12. Operation Overlord was the beginning of the end in the European theater of World War II. For five points each, identify the five Norman beaches used for landings by American troops on D-Day.

ANSWER. Gold, Sword, Juno, Omaha, Utah

Thirty

13. Everyone knows that the Mississippi River begins in Minnosota. For 5 points a piece, name the U.S. state where the following rivers begin.

- |                         |                            |
|-------------------------|----------------------------|
| 1. The Colorado River   | ANSWER <u>Texas</u>        |
| 2. The Cumberland River | ANSWER <u>Kentucky</u>     |
| 3. The Alabama River    | ANSWER <u>Georgia</u>      |
| 4. The Delaware River   | ANSWER <u>New York</u>     |
| 5. The Minnosota River  | ANSWER <u>Minnosota</u>    |
| 6. The Ohio River       | ANSWER <u>Pennsylvania</u> |

Thirty

14. We all know that Moses wrote the first 5 books of the Old Testament. But who for 5 points a piece wrote these books of the Bible?

- |             |   |
|-------------|---|
| 1. James    | ANS <u>James</u>                        |
| 2. Hebrews  | ANS <u>Unknown</u> (do not accept Paul) |
| 3. Romans   | ANS <u>Paul</u>                         |
| 4. Proverbs | ANS <u>Solomon</u>                      |
| 5. Acts     | ANS <u>Luke</u>                         |

6. Psalms                      ANS David (accept King David)

Twenty-Five

15. The last book of the New Testament is the book of Revelation. For 5 points apiece, answer these questions concerning Revelation.

1. Who, inspired by the Holy Spirit, wrote Revelation?

ANS John (also accept John the Revelator)

2. What island was John on when he wrote Revelation?

ANS Island of Patmos

3. Who sat on the 7 hills?

ANS the Great Whore of Babalyon (accept the Whore)

4. What chased the lady with child?

ANS the Beast

5. What is the product of the individual numerals on the Beast's head?

ANS 216

Twenty

16. He is now considered by many critics to be the greatest of the "war poets", but he was largely unknown until his works were published posthumously by Siegfried Sassoon in 1920. Who was this author of "Dulce et Decorum Est", "Greater Love", "The Show", and for 20 points "Strange Meeting"?

ANSWER Wilfred Owen

Thirty

17. (30-20-10) Name the scientist:

30) The son of a musician, he had skill on five instruments, and actually began his career in England in 1757 as a conductor and organ teacher, only pursuing mathematics and astronomy in his spare time.
