

Eric,

Here are the 14 rounds from 1986 ASC Tourney. These were considered very hard for their day. The Tenn. team that won had Don + Carol playing together for the last time. The UNC, Duke, + GaTech teams were all very strong. Yet these top 4 averaged only a little over 200 ppg! The Minnesota team was essentially the same people who won the 1984 + 1987 National Championships. At least, I remember they had Matt Mauck + Jim Kachera. "ACF-style" wasn't their cup of tea, about 120 ppg. Note ECU is East Carolina University.

1995 ACF RCT + NCT will follow.

Tom
