\1890's(1894, 1896)\  
\

18. For 5 pts each and a 5 pt bonus for all correct, identify the writer-real or fictional, of the following letters if Dear Abby had existed in the past in another country:

I can't stand it. I've been given the "Silent Treatment" for the past few months. The guards wear velvet boots and all I'm allowed to read is the New Testament. I tend to believe THE TRUTH IS OUT THERE and not in here. I hear I'm going to be put in front of a firing squad soon. My dad was murdered more than 10 years ago by strangling on vodka poured down his throat. I hope I stand a better fate. My only gift is writing. Any advice?

\Fyodor Dostoyevsky\  
\

I've been secretly longing for the little girl-Dolores Haze of my wife. Should I DENY EVERYTHING?

\Humbert Humbert\  
\

I've made my own way for most of my life as a dishwasher, bakery shop worker, fisherman, railroadman, and clerk among other things. As you can tell, I'm self sufficient. I've been hearing rumors about a plot to kill me in the future. Could it be when I'm undergoing medical treatment next week? Am I just worrying too much? Should I TRUST NO ONE?

\Maksim Gorky\  
\

By the time you read this, it'll probably be too late. Am I going crazy? I've just slashed my wrist, wrote my farewell poem in my blood, and I'm planning on hanging myself in my hotel room here in Leningrad. Please tell your readers alcohol is a drug. Sign me LAST POET OF WOODEN RUSSIA.

\Sergei Yesenin\  
\

I've secretly wished for my father's death and now he's been murdered. I've been telling a parable to my brother about Jesus returning to the Earth in Seville during the Inquisition. Is there a God? I WANT TO BELIEVE.

\Ivan Karamozov\  
\

19. Identify the scientist (30,20,10).

1. This British scientist was recently portrayed by Jeff Goldblum in a recent film for A & E.

2. In 1968, he published a book entitled *The Double Helix*.

3. The only other important work he ever published was a two-page paper he co-authored in 1953 entitled *Molecular Structure of Nucleic Acids: A Structure for Deoxyribose Nucleic Acid*; this work eventually earned him a Nobel prize.

\James \_Watson\_\  
\

20. FTP each answer these questions derived from the source *Ulysses Annotated*:

His reputation is in part legendary as is his sainthood, which has never been formally conferred by the Church. FTP name this K of the Wessex from 871-899.
