

DUKE UNIVERSITY B - TOSSUPS  
UNC CHAPEL HILL TOURNAMENT - 1996

1. In Day For Night, he plays a director who dreams about his childhood fascination for films. The Bride Wore Black is an homage to one of his major influences, Alfred Hitchcock, with whom he wrote a book. FTP, name this French director whose films include The Wild Child, Jules And Jim, and The 400 Blows?

A: Francois TRUFFAUT

2. Chlorpromazine hydrochloride is a white, colorless powder that is sometimes used to alleviate hiccups. Its better-known use is to suppress symptoms of disturbed behavior disorders such as schizophrenia. FTP give the trademark name of this major tranquilizer?

A: THORAZINE

3. He explored the unconscious mind and the theory of heredity in Life And Habit. He attacked Victorian values in his autobiographical novel The Way Of All Flesh. FTP name this British author, whose most successful work was the allegorical novel Erewhon?

A: Samuel BUTLER

4. This leading figure in psychoanalysis and human development taught at Harvard and did research at Yale. His theory of development was known as the Eight Ages of Man, and included such categories as Initiative vs Guilt, Intimacy vs Isolation and Identity vs Role Confusion. FTP name the author of such works as Childhood and Society and Young Man Luther?

A: Erik H. ERIKSON

5. His recent album, New World Order, was his first since an on-stage accident rendered him a quadriplegic. He began his career as the lead singer in the Impressions and later went on to great success as a solo artist. FTP, name this singer and guitarist whose hits include "Keep On Pushing", "People Get Ready", "Superfly" and "Freddie's Dead"?

A: Curtis MAYFIELD

6. Electrophoresis is a common technique for separating fragments of DNA, RNA, and proteins. Certain types of electrophoresis gel are used in different cases. This type of gel is used in a polymerized form. In its unpolymerized form, it contains alkene and amino functional groups and is a neurotoxin. This gel is used largely for sequencing and protein separation. FTP, name it.

A: POLYACRILAMIDE

7. This writer is featured as a character in Tom Stoppards' play Travesties. He associated with the poet Marinetti and was interested in Futurist ideas of simultaneity. Along with Hugo Ball, Jean Arp and others, he was one of the primary influences on Zurich Dada. FTP name this Romanian who stated "like everything else, Dada is useless."

A: Tristan TZARA

8. Born in 1179 and raised by the great chief Jon Loptsson, he would spend 13 years as the lawspeaker of the high court of Iceland and gain the ear of Haakon the old, then king of Norway. Several years after he talked Haakon into taking over Iceland, they had a falling out, and Haakon had him assassinated in 1241. Name this influential Icelandic politician and poet, best known for writing the "Heimskringla" and the Younger, or Prose, Edda.

A: Snorri STURLSON

9. Myrtilus, charioteer to the king of Elis, saved his life at the urging of Hippodamia, but later cursed him and his progeny when he repaid this service by putting Myrtilus to death. FTP, name this mythological hero who was sacrificed by his father and restored by the gods, and whose 3 surviving grandsons would rule Sparta and Mycenae during the Trojan war.

A: PELOPS

10. Before the American Revolution, this statesman wrote such tracts as "Letters from a Pennsylvania Farmer," protesting the injustices imposed upon the colonies by Great Britain. Shortly before war broke out, he wrote an Olive Branch Petition as a last attempt at peace. FTP name this man, the relation of a famous American poetess.

A: JOHN DICKINSON

11. Intermolecular forces are the quasi attractions between individual molecules. Non-polar molecules have attractions which take advantage of the tendency for such molecules to exhibit momentary or temporary dipoles. The name of the man who discovered such interactions is also the name of a major world city. FTP give the name and you will have named the type of force.

A: LONDON

12. In this painting, a couple is depicted walking on a busy boulevard during a rainy day. The man has a distinctive umbrella. In nearly photographic detail, this artist captures the transience of the event, as almost a snapshot in time. FTP name this monumental work by Caillebot, located at the Art Institute of Chicago, depicting a French urban scene.

A: PARIS STREET

13. Limits which have the form infinity over infinity or zero over zero are considered indeterminate. FAQTP, which mathematical rule is commonly used in the evaluation of such limits, named for the French author of an early calculus textbook?

A: L'HOPITAL'S rule

14. This author was often considered somewhat of a recluse, as he declined many interviews. His works indicated a general dissatisfaction with aspects of society. Lesser known works include Uncle Wiggie in Connecticut, The Laughing Man, Down at the Dinghy, and A Perfect Day for Bananafish. FTP name this author of The Catcher in the Rye.

A: J.D. SALINGER

15. A dashing Alabamian sailor with a brilliant grasp of international law, he fought with Winfield Scott in the Mexican War and superintended the landing at Veracruz. Later, as a rear admiral in the Confederate Navy, he oversaw the defense of the James River during the last days of the war. FTP, name this brilliant captain who, before his defeat off Cherbourg by the U.S.S. Kearsarge, did over 6 million dollars of damage to the American shipping industry with his raiders the C.S.S. Sumter and Alabama.

A: Raphael SEMMES

16. His compositions include the masterpieces Trouble in Tahiti, Chichester Psalms, Age of Anxiety, Candide, The Jeremiah Symphony, Fancy Free, and West Side Story. FTP name the 20th century American composer of all these works.

A: Leonard BERNSTEIN

17. This king of Corinth earned Zeus's wrath by telling the River God Asopus where his daughter had been taken. Later he cheated death twice, once by tying the god to a post, and once by contriving to not have the fare for Charon's ferry. As punishment, the gods forced him to try to roll a huge rock up a hill for all eternity. FTP name him.

A: SISYPHUS

18. He is responsible for some of the greatest paintings of the nineteenth century, such as The Terrace at Saint Adresse, Gare St. Lazare, Rouen Cathedral, Water Lilies, and Impression Sunrise. FTP name the French Impressionist who painted all of these works.

A: Claude MONET

19. Featured in such works as Marey's Man In Black Suit With White Stripes Running Down Arms and Legs Walking In Front of a Black Wall of 1884, this new photographic technique portrayed objects in motion. Its ability to tell a story of an object over a period of time led to its name. FTP what is it?

A: CHRONOGRAPHY or CHRONOGRAPH

20. He was arrested for corruption after an investigation led by Samuel Tilden, but fled and was eventually recaptured. He later died in a Spanish prison. His corrupt behavior was often the subject of cartoons by Thomas Nast. FTP name this New Yorker, the infamous leader of Tammany Hall.

A: William Marcy TWEED

21. He refused command of the Army of the Potomac after the battle of Chancellorsville, although many believed him to be the best Union general in the east. FTP, name this Pennsylvanian, who graduated from West Point on top of his class, and was killed in the first hours of fighting at Gettysburg.

A: John REYNOLDS

22. While looking for his sister, he slew a dragon and built a city. After all four of his daughters died, he and his wife were changed into snakes. FTP, name this legendary son of Agenor and founder of Thebes.

A: CADMUS

23. This commerce raider, captained by James Waddell, captured 38 federal merchantmen, mostly whalers in the North Pacific ocean. FTP, name the last ship to fly the confederate flag, which finally surrendered in London, more than seven months after the end of the civil war.

A: SHENANDOAH

DUKE UNIVERSITY B - BONUSES  
UNC CHAPEL HILL TOURNAMENT - 1996

1. Given the artistic style, name the country in which it was most active. Each answer is worth 5 points.

1. Vorticism  
A: ENGLAND
2. Surrealism  
A: FRANCE
3. Constructivism  
A: RUSSIA (or USSR)
4. Futurism  
A: ITALY
5. Abstract Expressionism  
A: USA
6. Impressionism  
A: FRANCE

2. For ten points each, name the kind of oncogenic tumor that commonly arises in these parts of the body:

1. Epithelial lining of organs  
A: CARCINOMA
2. Bone, muscle or fat  
A: SARCOMA
3. Lymph nodes  
A: LYMPHOMA

3. Given a statistical category, name the NCAA Div 1 basketball player who is the all-time career leader and his school, for five points each:

1. Scoring  
A: Pete MARAVICH, LSU
2. Rebounding  
Tom GOLA, LA SALLE
3. Assists  
A: Bobby HURLEY, DUKE

4. 30-20-10: Given a list of works, identify the author:

1. Beast In The Jungle, Altar Of The Dead
2. The Aspern Papers, The Golden Bowl
3. Turn Of The Screw, Wings Of The Dove  
A: Henry JAMES

5. Given a character from a Charles Dickens novel, name the book in which he or she appears for 5 points each.

1. Sissy Jape  
A: HARD TIMES
2. Quilp  
A: THE OLD CURIOSITY SHOP
3. Uriah Heep  
A: DAVID COPPERFIELD
4. Miss Havisham  
A: GREAT EXPECTATIONS
5. Gaffer Hexam  
A: OUR MUTUAL FRIEND
6. Sidney Carton  
A: A TALE OF TWO CITIES

6. Name the author from his works on a 30-20-10-5 basis.

30. The Minotaur, Helen's Exile

20. Summer In Algiers

10. The Myth of Sisyphus

5. The Stranger

A: Albert CAMUS

7. The Best Picture Oscar has been awarded to movies set in the Old West on just three occasions. For ten points apiece, name the three westerns to receive this honor.

A: DANCES WITH WOLVES, UNFORGIVEN, CIMARRON

8. Identify the scientist given a list of works. 30-20-10.

1. Power of Movement in Plants,

2. Structure and Distribution of Coral Reefs

3. The Origin of Species

A: Charles DARWIN

9. Give the capitals of the following Pacific Islands for 5 points each.

1. Tuvalu

A: FUNAFUTI

2. Nauru

A: YAREN ✓

3. Vanuatu

A: VILA

4. Western Samoa ✓

A: APIA

5. Fiji

A: SUVA ✓

6. The Solomon Islands

A: HANIYARA

10. For 10 points each, name the shape of each molecule given.

1. methane

A: TETRAHEDRAL

2. ammonia

A: PYRAMIDAL

3. boron trifluoride

A: TRIGONAL PLANAR

11. For 10 points each, name the economist given a brief description.

1. the author of The General Theory of Employment, Interest and Money

A: John Maynard KEYNES

2. the curve showing the relation between tax rates and tax revenues bears his name

A: Arthur B. LAFFER

3. Professor of Economics at Cambridge in England, he was a leading marginalist. He contributed to price theory and the idea that time is an important determinant of supply.

A: Alfred MARSHALL

12. For 10 points each, give the common name for each of the following organic compounds.

1. methylbenzene

A: TOLUENE

2. aminobenzene

A: ANILINE

3. ethyne

A: ACETYLENE

13. 30-20-10: Given the titles of songs, name the singer.

1. "Everybody's Doing the Hustle and Dead on the Double Bump", and "For Goodness Sakes, Look At Those Cakes"
2. "The Payback", "Get On The Good Foot"
3. "Papa's Got A Brand New Bag", "(Get Up I Feel Like Being A) Sex Machine"

A: James BROWN

14. For 10 points each, name the heroines of each of the following literary works.

1. Othello

A: DESDEMONA

2. Wuthering Heights

A: CATHERINE

3. The Scarlet Letter.

A: Hester PRYNNE

15. For 10 points each, give the name of the scientist responsible for:

1. creation of the first recombinant DNA molecule  
A: Stanley COHEN
2. the introduction of "gene targeting"  
A: Herbert BOYER
3. the discovery of the connection between the apoE gene and Alzheimer's Disease.  
A: Allen ROSES

16. Its language time! For fifteen points apiece, identify the language given the clue.

1. Polish radio still had a station that broadcasts in this language, and China subsidizes a newspaper in it. Name this artificial idiom created by a Polish ophthalmologist.

A: ESPERANTO

2. A more recent international language, it was designed to be easier than Esperanto. Name this synthetic language based on Latin and Greek.

A: GLOSA

17. For 5 points apiece and a 5 point bonus for all five, name the cities in which each of these airports are located.

1) Hartsfield

A: ATLANTA

2) Haneda

A: TOKYO

3) Dum Dum

A: CALCUTTA

4) Gatwick

A: LONDON

5) Berry Field

A: NASHVILLE

18. Its first scene has a razor blade slicing across an eyeball. This film is filled with the psychoanalytic codes that marked surrealism at the time, particularly in regard to sexual repression. FTP each, name the film and its two directors.

A: LE CHIEN ANDULUSIAN (THE ANDULUSIAN DOG is also acceptable), Luis BUNUEL, and Salvador DALI

19. For a total of 30 pts, name each of the three recipients of the 1980 Nobel Prize in Chemistry, which was given largely for advances in the field of molecular biology.

A: Paul BERG, Walter GILBERT, Fred SANGER

20. 30-20-10: Name the speaker from the quote given:

30. "You lose."

20. "They can't get you for what you didn't say."

10. "I choose not to run."

A: Calvin COOLIDGE

21. For 5 points each and a 5 point bonus for all 5, name the 5 children of Czar Nicholas II and his Czarina Aleksandra, the last royal couple of Russia.

A: ALEXIS, MARIA, TATIANA, OLGA, and ANASTASIA
